General EU compliance:

The complete articles comply with Regulation 1935/2004/EC as the components comply with one of the national requirements or guidelines specified in Table 1.

The articles, and components, are manufactured in compliance with Regulation 2023/2006/EC.

Denmark:

The articles comply with the Danish regulation BEK. No. 822 of 26.06.2013

For materials where no mandatory DK/EU requirements exist, STEFFCA A/S regards compliance with the following regulations and guidelines as sufficient proof that the components in question comply with Regulation 1935/2004/EC, Article 3:

- EU national regulations regarding food contact materials
- National Guidelines: German BfR Recommendations
- International guidelines: The Council of Europe Policy Statements and Guides. Nordic Council Guidelines.
- Third country national regulations: USA (FDA-CFR 21-parts 170 to 199 – Item 177.2600 (e), Code of Federal Regulations. Swizz ordinances.

Compliance with EU requirements:

Compliance of the finished articles to 1935/2004/EC, Article 3, is ensured by each component complying with one or more of the requirements specified in Table 1

TABLE 1	
Type of material	National regulation or guideline used to demonstrate compliance with 1935/2004/EC
<input checked="" type="checkbox"/> Rubber	
<input type="checkbox"/> Plastics	Mandatory EU requirements, 10/2011/EU, see Annex 2
<input type="checkbox"/> Silicones	

The equipment is intended for contact with the following food categories:

- | | | | |
|-------------------------------------|-----------------|---------|--------|
| <input checked="" type="checkbox"/> | Distilled water | 4 hours | 100°C. |
| <input checked="" type="checkbox"/> | Acidic 3 % w/v | 4 hours | 100°C. |

At temperature up to: 40 °C,

and a duration of up to: 24 ☒hours/☐days/☐months

Other relevant usage specifications or restrictions:

This Declaration of Compliance is based on:

- ☒ Declaration(s) from the suppliers of materials, treatments, surface coatings or components used for the manufacture of the materials or articles referred to in this declaration
- ☒ Practical tests

We keep records of all appropriate documentation, such as test reports and Declarations of compliance from suppliers, in support of this Declaration of Compliance This documentation will be made available if requested by the competent authorities.
